Lands 2

(1) 19052. a-8 Compensation for lands not yet paid. There is no difficulty in returning those lands which have not been taken possession of.

(2) 10,774. 7-1 Compensation for lands paid deputy Surveyors. Says that although actual possession has not been taken still as notices have been issued that they should be given up at any time, they must be considered as having been taken possession of that if the farmers do not come forward to repay the Compensation they should be sold by auction

Deputy Commr. thinks that 15 per cent given by Collector over and above Estimated Value will not be received and that by sale about 20 per cent would be realized Government. Total loss Estimated at $25,000 under this head.

Out of 129 persons assembled at a meeting Convened by the Asst. Commr. on the 3rd February 1896, 78 ~~persons~~ offered to repay the Compensation but stated time what the others said is not stated. The parties Concerned number about 600 while only 129 appeared. Time may be given for repayment, but how is money to be

received if they
accept and then
fail to pay 2 some
and
orders required
in the first.

If found
necessary to direct
a settlement to be
made with each
~~said~~ owner for such
time (say 10 years)
where required
for reappraisal, and
to sell other lands
by auction. If
auction is actually
commenced people
shall come forward
to bid and the owners
themselves take
up the lands.

A responsible officer
should be specially
deputed for the
purpose

(3) 2216-4-8

Settled in Court,
last payment had been

Deputy Comm^r Lay
Lands may be returned
but Court Costs
should be paid
Costs should be
ascertained

(4) Award by Collector not taken to Court and money not paid. These Lands have to be simply returned

(5) These Lands were not acquired but Notices issued that owners should forbear from cultivating and improving. Deputy Comm^r Says they should be compensated.

Special settlement should be made with these parties and orders of Government obtained before paying them

OFFICE OF THE DEWAN OF MYSORE,
(REVENUE AND GENERAL DEPARTMENTS).

(Full Office Note.)

Subject. Lands acquired for maligal water project.

Note.

To the Hon'ble the
In the First Assistant Resident's
letter No: 4820 dated 5th December 95,
on the subject of providing a water
supply for the Civil and Military Sta
tion of Bangalore from the Hesarghatta
tank, it was stated (para 6) that
in consideration of the contribution
to be made towards the cost of the
works at the Hesarghatta reservoir
and of the capitalized value to
of the water to be supplied it
was proposed to assign to the
Durbar all claim which the Govt.
of India may have to the recovery
of the sum of Rs 2,33,000/- paid

‡ 1. No. and date of latest letter or paper.
2. Catch words to show nature of subject.
3. Subject to be in red and body of note in black ink.

1. Statement of case in narrative form in regular sequence of subject matter or date.
2. Opinions to be stated only as supported by precedents, or general rules which should always be quoted.
3. Serial numbers in file, &c., to be always stated.
4. Dates of important documents referred should be given
5. Write on both sides, leaving the same side as margin.

to the State for acquiring lands for the Maligal project.

Thereupon the Dewan was pleased to direct that a brief statement should be submitted of the probable amount the Durbar can realize by re-selling the Maligal lands.

The Deputy Commissioner of Bangalore was addressed demi-officially on the subject on 5.12.95.

The Dy Comr with his D.O dated 24.2.96 has submitted a memorandum by Mr. Narsimiengar Asst. Comr.

The following statement shows the extent acquired and the amount paid therefor.

A	q							
6689	2	Total Extent required as catchment area

on and waiting for some time longer that an assistant Comr must be specially deputed for the work and that a monthly progress report must be submitted for the information of Govt.

The report now received from the Deputy Comr shows as follows: —

Lands.

	Extent.	Assessment.	Compensation paid	
	2846-16.	2344-15-0	1,04,774-7-1	Lands actually acquired.
I	156-27½	194-12-0	6547-2-0	Lands given back to raiyats.
II	1048-37	922-15-0	44102-0-2	Lands given out for cultivation on Êksal tenure.
III	1640-31½	1227-4-0	54125-4-11	— Lands relinquished by raiyats

Item No: I. Out of the Compensation of Rs 6547-2-0 paid for lands given back to raiyats, Rs 3451-4-0 have actually been recovered and time is granted for the recovery of the balance.

The period fixed for repayment in the balance in each case with the amount to be stated in detail should be stated in detail
21/10/02

Item No: II

The raiyats are cultivating 1048-37 paying an assessment of Rs 922-15-0 on "Jeksal" tenure Individual notices will be issued to these persons that they should either keep their lands permanently paying back the amount of compensation received by them or that the lands should be actually relinquished to Govt.

The result of the action taken should be reported with full particulars

Item No III.

The extent of 1640-31½ A G is shown as Govt. waste in the accounts, the owners having absolutely relinquished their lands after receiving compensation therefor.

The Amildar of the Bangalore Taluk who was entrusted with the work reports that darkhasts are now being received for the lands lying banjar (item No III) and they are invariably being sold keeping the amount of compensation as the upset

price, 11 acres and 10 guntas of land being thus sold realising a sum of Rs 693/- and 5 acres and 24 guntas now advertised for sale; that a sum of Rs — 1886-11-9 has also been realised by the sale of casarina trees standing on Govt waste lands (Item no III), that in the case of a few valuable lands situated close to the village more than the compensation amount paid by Govt is being realized while in others much less. The Amildar further proposes to sell up the lands only when darkhasts are received for them, otherwise, there would be a serious loss to Govt, if they are sold wholesale without proper demand. But the Dy: Comr remarks that there is no hope of any portion of the 54125 (item no 3) for lands absolutely relinquished being realized in the near future and every endeavour is being made to recover as much as possible.

The lands sold since the amount realized there from should be reported on in detail

Houses.

As for the houses, a Compensation of Rs 12156-4-0 was actually disbursed to the parties in addition to allowing them to take away the materials. There is thus no chance of recovering the price paid by Govt as most of the owners have pulled down their houses and removed the materials. There are however a few houses still in the occupancy of the raiyats. In such cases the ownership of houses to the parties concerned by recovering one half of the amount of Compensation actually paid to them may be granted as the quality of such houses being very much deteriorated.

How many?

The Dy. Comr adds that the Amildar is giving the matter his personal attention.

What is the result of the enquiry?

Secretary's order

"Please have a continuous

17/10/62

note prepared in clearer and
neater writing than this. Where
lands have been returned to
identical parties, the compensation
paid should be recovered. So
about houses. Where lands re
have been absolutely relinquished
they are at our disposal. I do not
see why money paid for them
should be kept on as a recoverable
demand in the accounts. A
general order may be passed that
the lands when applied for shall
be sold by auction invariably.
Where there is no demand for
houses the materials may be
sold for what they will fetch
and where there is a demand
the houses may be sold. The note
should be clear and full. A
draft order should also be
prepared and submitted on
the above lines"

With reference to Government
Proceedings No. 10172-3 Sl. 11 dated 1-1-94
4 2197
I have the honor to report that the
Compensation for the marginally
noted 14 villages has been settled
by private negotiation. As satis-
factory settlement could be effected
as

as regards the marginally noted[x] 5 villages, notwithstanding the offer by me of very liberal terms to these ryots. I have strong reasons to believe that the ryots of these five villages, who are mostly of the same caste, and some of them closely related to each other, are set up by some interested / people / who are evidently / staying behind / the screen

[x] Singers
Srigandadakaval
Seppalya
Mategat.
Nagarbiari.

2. The rates offered for all the villages now settled by / private / negotiation are from 15 to 40 Rs per acre of dry land according to its present condition. The wet and garden lands have been allowed from 40 to 60 Rs per acre. These rates were fixed on a careful consideration of the prices of lands in the several villages and

the intervention of a Court. The fulfilling of the false promises held out to them by these mischievous people is necessary to be brought home to them by the award of the Court, at least in a few cases before any successful attempt could be made to dispose of the other cases by private negotiation.

6 I therefore beg that the Government will be pleased to direct the Assistant Government Advocate to take the necessary action in the matter in communication with me.

7. It may not be out of place to mention in this connection that the Madras Government have ruled that "When there is a difficulty in estimating the market

value

vide pages 14 and 15 of the Standing orders of the Board of Revenue Section 12 para 3.

value of the land in question, it can be calculated at 10 times the assessment, if the land is ryotwary; but the terms now offered to the ryots are far more favorable and yet they are persistent.

I have the honor to be
Sir,
Your most obedient servant
[signature]
Sub Division Officer
on special duty.

No. 201
18--94.

(S.L.24)

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 6th March 189.4.

SIR,

In order to facilitate the commencement of the head-work at Nagarthavi in connetion with the Maligal Water Supply scheme, it is very desirable that arrangements be made, if possible, for the early vacation of that particular village by its inhabitants; and it is absolutely essential that a portion of the ground in the vicinity with the trees now growing upon it, which will be required for the dam, and the works in connection with it, should be placed absolutely at the disposal of the Executive Engineer, Bangalore Water Supply Division.

2. I am to ask that early action may be taken by the Darbar in this direction, and to say that Major Grant will arrange to point out to Mr. E.G. Krishniengar, who should place himself in communication with him, the extent of the ground over which the Executive Engineer wishes to obtain control.

3. I am to add that sanction has been received from the Government of India for the payment of two lakhs to the Darbar,

re the 21st. March current, on account of compensation for land

be taken up.

I have the honor to be,

Sir,

Your most obedient servant,

Major,

First Assistant to the Resident.

13th March 84

My dear Sir,

As I told you yesterday the other day, the Durbar has passed orders investing Mr. B. F. Rice Bangalore with the powers of a Collector under the Land Requisition Act. Official orders will reach you soon.

In this connection the Durbar acted me to tell you to transfer to Mr. B. F. Rice Bangalore the papers in connection with the acquisition of lands for the new Cattle Stalls in Bangalore.

Yours sincerely
C. P. L. Brattaranville

Prin. Sheristadar, Atti Khan Esq

Urgent

No. 429 with a cheque
1894

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore,

Bangalore.

Dated Bangalore, 16th March — 1894.

SIR,

I am directed to enclose a cheque in your favor for the sum of Rs. Two lakhs in part payment of compensation to ryots for land to be taken up in connection with the Meligal Water Supply scheme.

2. It is most essential that this sum should be charged off in the accounts before the close of the current [1893-94] official year. I am to suggest therefore, as the most convenient course for all concerned, that the cheque be debited in your accounts with the Resident's Treasury for the current month, by transfer against the 2nd. instalment of the Mysore Subsidy which is due this month.

3. I am to ask for a formal receipt for the amount, and to request that duly completed land award statements as prescribed in article 102, Chapter 7 of the C.A.Code, may be furnished in due course.

I have the honor to be,

Sir,

Your most obedient servant,

1st. Assistant to the Resident.

Office of the Deputy Surveyor
Dated Bangalore, 18th March
1894.

Letter 1/2155 dated the 20th May 1894, from Mr. G. Krishnamurthi, Subdivisional Officer, on special duty, submitting for approval an estimate showing the particulars of compensation amounting to Rs: 11,363-11-0 awarded by him for lands, trees, houses, &c, acquired by private negotiation for the Municipal water supply project.

Order:

The Subdivisional Officer on special duty is informed that the statement received with the above, the details given

No 2155 / 94-6-94
M 352-92

of "other items" of compensation are, in several cases, very meagre and even indefinite. For example, the item for which a compensation of Rs: 961 is recommended to Thimmappa in Savey-Doddavanahalli, required a more detailed and definite explanation than "value of two years". A revised statement should be submitted with full particulars of all items of compensation and without the use of the words "&c".

2. In explaining his rates, the Land Officer makes mention of

of Inam Lands (vide para 2 of his letter) but no Lands entered in the statement are denoted as Inam. The revised statement above called for should distinguish Inam from Sirkar and in each case of Inam it should be stated whether any land in exchange has been promised. Such a statement would be unnecessary, except in the case of Service Inams.

Office of the Sub-Division officer
on special duty.
Bangalore Dated 2nd December 1894.

From.

B. G. Krishnaiengar. Esquire
Sub-division officer
on special duty

To

The Chief Secretary to the
Government of Mysore.

Sir

In continuation of this office No.
76 dated 1st instant, and with reference to
Government Proceedings No. 9825-6
G. O. 552-72
dated 15th instant, I have the honor to
submit for the information of the Govern-
ment a supplemental statement giving
the particulars of compensation settled
by private negotiation for lands
required for the Kunigal Water Project.

2. The rates of compensation now
awarded range from Rs 10 to 45 per
acre of Government land.

3. Including the amount of Rs 1,36721-3-9 already sanctioned the aggregate amount of compensation awarded up to date comes up to Rs 1,41,756 ../.

I have the honor to be
Sir
Your most obedient Servant
[illegible]
Asst for
Asst Division officer
on special duty.

for Rs 1,24,373-15-9 or at an average of
Rs 37-3-9 per acre inclusive of the value
of trees thereon.

3. Excepting a few acres in Sreegandha-
-kaval, Kamakshipalya and Ragigal, where
25 individuals instigated by some witches
managers residing at Bangalore and who
hope to benefit themselves by it, have
refused to come to any reasonable
terms, the rest of the 2 villages (including
hamlets) in the valley have accepted the
proffered terms. In spite of these villages
being comparatively more distant from
Bangalore than Karachal other villages
which have come to terms, Rs 21,434-2-
or about Rs 27-4-0 per acre have been
awarded as will be evident from the
statement 9, but they claim Rs 1,15,98-6-
or at an average of Rs 152-15 per acre,
although these lands are somewhat inferior
to those already acquired and there is
more waste land here than elsewhere.
I have therefore in alternative but to
pass formal awards under Section
11 of the Mysore Land Requisition Regulation
The compensation thus awarded comes

× Acres. Gunthas.
7-3-9

× Acres. Gunthas
4-4-15.

compares favourably with that settled by private negotiation. The rate offered by me are very liberal compared with the market prices prevailing in the neighbourhood. Most of these people have filed suits protests under section 18 of the Regulation and their cases will be duly referred to the District Court for adjudication.

4. A similar statement of houses acquired by private negotiation is also submitted. The few houses now remaining to be settled belong to the persons whose cases have been referred to Court under para 3.

5. Statement 'A' shows that four cases comprising 5 houses & gardens have not been settled either way. They are all remaining plantations with a few mango trees thereon and the owners of which claim exorbitant rates for the trees which they think would fetch on felling when they reach maturity. When I had last met Sirajes Grant in the locality he agreed with me

in

× Rs: 4 houses. Compensation Rs 2652. Rs/7350-2-0.

Rs 5 houses. Compensation as per award. Rs 3263-0-0.

in streets that the acquisition of these lands may be sanctioned till the trees are removed at maturity as it would in no way injuriously affect the water Selling these Casuarina trees specially required are annexed.

6. 2347-26 acres of Government land are included in the settlement area of which 224-21 acres belong to the Plantation branch of the forest Department. They claim Rs 30/- per acre for the land, in addition to the value of trees viz Rs 8,8-9-6-4 as per their detailed statement copy of which is herewith submitted for perusal. If confiscation is deemed necessary for this land, Rs 15 an acre may be paid for the same in addition to the value of the trees as I have allowed a similar sum for such lands in private holdings.

7. As mentioned in para 3, 25 cases have to be referred to Court in respect of the Kaiyal Water Project and awards have been likewise passed (as detailed reported) in

in 33 cases in connection with the new Sillodar Fund and the extension of the City Railway Station. The 33 cases which have required to be referred to the Court contain much clerical work in the way of preparing the necessary statements and reports as also copying the records for the use of the Government Advocate. I would therefore recommend that the temporary establishment sanctioned in Government Proceedings No. 5792-3 G. 1875 dated 27th September 1894, may be continued till the end of March 1895.

8. The works in connection with Irrigation Wells in the Kolar District are much in a backward condition and as I have been engaged during the last year in acquiring lands for the Water Projects of Bangalore, I have not had time to make a tour in that District. There is much to be done in respect of the establishment of new villages &c in connection with the Hesaraghatta Project. These together with the Jamabandy work in the Bangalore

No. 4552 / 1894

From

The FIRST ASSISTANT to the RESIDENT at MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 31st December 1894.

Sir,

I am directed to forward a copy of the marginally noted letter regarding the felling of trees in the catchment area of the Maligal Water Supply Scheme, and to say that the Resident will be glad to receive a report on the subject.

405 dated the 27th ember 1894 from the cutive Engineer, Banga- lore Division, Military Works.

I have the honour to be,
Sir,
Your most obedient servant,

Major.,
First Assistant Resident.

Letter No.3405 dated the 27th December 1894 from the Executive Engineer, Bangalore Division, Military Works, to the First Assistant to the Resident in Mysore.

Encl to 915

With reference to correspondence closing with your endorsement No. 2810-1894 dated 14th September 1894, I have the honour to bring to your notice that it has been reported that one Abdoola, firewood contractor has cut down about 30 trees within the catchment area of the Maligal Water Supply Scheme and that the cutting is still going on.

Thiminikh Zamindar [on whose lands the trees are] states that he has sold the trees to the contractor under permission of the Mysore Durbar authorities but possesses nothing in writing to support his statement. Other Zamindars owning land within the area state that they have received permission to fell trees but have not yet done so.

I request therefore that you will be good enough to ask the Durbar authorities to stop all tree felling pending enquiries as to whether or not they have given the permission which is stated to have been accord

To

The Chief Secretary to the
Government of Mysore.

Sir

With reference to your memorandum No: 10678 / G. 2489, dated 1st instant calling for a report on the subject of the disposal of trees within the catchment area of the Kaloigal Water Supply Scheme, I have the honor to submit a detailed statement showing the trees which have been fully paid for a

and specially reserved for Government.

2. In cases in which compensation has been allowed only for the loss likely to be sustained by the owners being compelled to remove fruit bearing and other immature trees, they have been permitted to cut and remove the same.

3. Jungle trees or trees of spontaneous growth on ryoti holdings have not been paid for and the owners have the right of removing them.

No. 344
18-94

From

The FIRST ASSISTANT to the RESIDENT in MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 3, 1st January 1895

Sir,

With reference to your letters marginally noted, I am dir-ed to request being furnished as early as possible with an award statement in the prescribed form accompani by plans and drawings, showing details of sum of Rupees 1,36,721-3-9 paid on account of compensation for land etc., taken up in connection with the Maligal Water Supply Scheme.

Nos. 4568 and 9955 dated the 8th September and 13th December 1894. G.F.332-92

2. The sum of Rupees 2,00,000 advanced to the Durbar in March 1894 on the above account has been held by the Public Work Department of the Government of India as objectionable, owing to the non-receipt of the award statement, which, in accordance with the rules of the Public Works Department should have been receiv before any payment was at all made.

I have the honour to be,

Sir,

Your most obedient servant,

Major.,

First Assistant Resident.

No. 1092
18.94

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 25 March *189*5.

SIR,

In continuation of my letter No.544-18.94 dated the 31st January 1895 asking for the award statements of Rupees 133,721-3 paid on account of lands taken up for the Maligal Scheme, I am dir -ed to request that so far as any delay will not prejudice Govern ment or increase the cost of acquisition, you will incur no avoid ble expense at present. Suits already instituted must of course pr ceed. The submission of the award statements with plans and drawi is requested at your early convenience.

2. Mr. Lee-Warner will further be obliged if the special -- Officer can be called upon to submit as soon as possible a revis estimate of the total cost of acquisition showing what has been paid, what is disputed in Court, what is promised, and what is not acquired and its probable cost. Having taken up much lands for sim lar schemes it appears to the Resident that the rates of compensa tion suggested in Mr. Krishnienger's letter No.70 dated 28th Dece ber 1893 are unduly liberal, and he will be glad to consult pers ly with that officer when his report is received in respect of t details, which should show separately the estimate for land under cultivation, for waste land, for trees, for buildings and village s

3. I am further in reference to your letter No.19 dated 28th January 1894 to inquire whether, since the commencement of t correspondence, any of the waste land assessed as stated in that

letter at 1443-3-0 has been given out to cultivation, and to express the hope that none will be so given without reference to the Resident.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident. Major

No 119

Office of the Sub-Division officer
On Special Duty.
Bangalore, dated 7th April 1895.

From

B. G. Krishnamyar Esquire
Sub Division officer
on Special duty.

To

The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to report that the amount of compensation settled by private negotiation for the lands and houses required for the Hesaraghatta Water Project, was disbursed to the parties interested on the express condition that they should vacate the lands at the close of the year Jaya (1894-95). Notices have now been issued to such of the persons as have been actually paid their compensation that they should not enter upon their lands without express orders from Government

and

and that they should vacate them by the end of
April 1895.

2. I beg to suggest that if the lands are not required by the Military Works Department immediately, they may be given out for cultivation to the same tenants on yearly leases till the end of March 1896 on the condition of their paying full assessment.

3. As for houses still in the possession of the owners, for which compensation has been paid rents may be recovered at 6 per cent per annum on the prices paid till such time as they may be wanted by Government.

I have the honor to be

Sir

Your most obedient servant

On Special Duty

No. 1200 Enc.
18--94.

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 5th April 1895.

SIR,

In continuation of my letter No: 1093 dated March 25th: am directed to forward a copy of a letter No: 981 dated March 25t 1895 from the Executive Engineer of the Bangalore Division, Militar works and to state that the Resident is surprised at the delay wh has occurred in submitting the statements and plans. The officer o special duty ought to have been in a position to send these in wi a few days of his payments. As a rule compensation paid for land carries with it compensation for all fixtures, and if the Special duty officer varies the usual rule, he ought to be prepared at onc with the necessary intimation to the officers of Government. Mr: Warner has already expressed his wish to see the Special duty of and I am to repeat his desire, since from the scant information before him, from the delay in the submission of the statements a from the number of awards contested, he is sufficiently experien for the work entrusted to him. In acquiring land from a Native S especially a State which is under a Treaty obligation to assist th British Government in the matter of its Cantonment, the British authorities deal with the responsible State authorities and not w the State's raiats. It is therefore particularly desirable that a officer deputed by the Darbar to acquire land for the British Gov ment should recognise the importance of conveying a full title wi the least opening for dispute to the British officials who receiv

not from the subjects of Mysore but from the ruler of Mysore the land required.

I have the honor to be,

Sir,

Your most obedient servant,

1st Assistant to the Resident.

Letter No. 931 dated the 25th March 189

from the Executive Engineer, Bangalore Division

Military Works, to the First Assistant Resident in

Mysore.

Encl to 867

I have the honor to inform you that

my subordinate has again reported to me an

instance of some trees within the Madigal catch

ment area, being cut down by a land owner. A

first report was made to you in this office No. 34

of 27th December 1894.

2. In the present instance it has been r

ported that a land-owner, by name Govinda,

had cut down a whole tope of Casuarina trees

(about 130). This individual states that he has b

paid a certain amount of compensation, but n

for the trees, and holds, in writing, a statem

by Mr Krishniangar, Assistant Commissione

the effect that the compensation paid this man

does not include the cost of the trees; and this le

letter No. 9935 G.F. 332-92 dated 16th December 189

from the Chief Secretary to the Dewan of Mysore

our address states distinctly that the compensation already paid, is compensation for lands, trees, etc

Until the statement and plans asked for in my No. 284 dated 25th January 1895 are received, I am of course quite unable to verify the truth of the statements made me, from time to time, to the effect that "compensation has been paid me, but not for trees etc," and until these are prepared, and everything in connection with the Mattigal land question finally settled, I would request the favour that the Mysore Durbar authorities being moved to stop all cutting off trees, etc. In certain instances, compensation for trees has been given, trees which are usually held up to sanction not having been sanctioned this year, for the credit of the Mysore State.

No. 130 *

Rec: 10th May

(* Noted separately below the file)

From

The Asst. Executive Engineer

Sub Division officer

on Special Duty.

Bangalore dated 20th April 1896.

To

The Chief Secretary to the

Government of Mysore.

Sir,

With reference to your letter No: 1776 S / 4853 dated 2.nd Instant, I have the honor to submit a revised estimate of the probable cost of acquiring land and houses for the Madigal Water Supply Project.

2. It will be observed that out of a total catchment area of 6659 acres, 42 acres and 14 guntas are in the holding of Royals. Out of the latter 333 acres and 37 guntas were acquired by private negotiation at a total cost of Rs 123506-7-9. The remainder of

of 1727 acres and 9 gunlas did not accept the terms offered to them and their cases have been referred to the District Court for adjudication. Rs 21454-2-0 have been awarded to them by me under the said Acquisition Regulation. The remaining 154 acres and 5 gunlas comprise Cavarama Plantations, the owners of which demand unreasonably high rates for their trees and a reference on their subject is before Government. One of these men having since offered to take a somewhat reasonable price for his property, the case has been reported to Government. If these are unfortunately their probable cost is estimated at Rs 15,000 in the aggregate. Thus the total cost of land with the values of trees thereon may come up to Rs 1,73457-4-4, which includes Rs 12247-4-4 to be paid to the Forest Department for their plantation at Kagaradahare.

× Vide No 79 dated 22nd December 1894.

× Vide No: 99 dated 6th March 1895.

3. Out of a total number of 262 houses in 18 villages and hamlets, 253 were acquired by private negotiation at a cost of Rs 17537-12-0 and as the owners of 9 houses refused to accept the rates offered to them, their cases were

were referred to the Court for adjudication awarding them Rs 3263— for the same. Thus in all Rs 1,74288-10-1 may be taken as to be the total cost of acquiring lands, trees and houses for the Trincomalee Water Supply Project and to this must be added the cost of establishment viz. Rs 3165-8-7 and Rs 1600 which may be required for providing wells and tanks to the new villages of Periyakuppure and Nagarabhare which may have to be formed eventually. A lump sum of Rs 10,754-3-4 that is, about one half per cent of the total cost has been provided to cover any unforeseen expenditure. Thus a sum of 2 lacs may fairly be taken to be the total cost of acquisition. This falls short of the original estimate by about half a lac.

4. Out of the sum of Rs 141394-3-9, awarded for lands, houses &c settled by private negotiation Rs 136358-11-9 have been sanctioned by Government of which Rs 108387-7-4 have been disbursed to the parties concerned up to date. Thus out of the sum of Rs 136358-11-9 notified in the Gazette for payment to the parties Rs 27971-4-5 yet remain to be paid. Orders are

× Vide P.S.

141394-3-9
136358-11-9
5035-8-0

136358-11-9
108387-7-4
27971-4-5

are selected whether this amount may be paid to the claimants if they demand payment.

5. Individual Statements of consideration in the prescribed form called for by the Assistant Resident in his letter No. 1092/1894 dated 25th ultimo, are herewith submitted. Statements numbering from I to XV relate to land and those bearing Enc. 1 to 15 refer to houses settled by private negotiation. In cases referred to the Court the prescribed Statements will be submitted after the decision of the Court is known as laid down in para 6 of the Government of India F. D. Resolution No: 1580 dated 29th June 1886 published as an annexure to chapter 6 of the Civil Account Code.

6. Detailed Statements A to E showing separately lands and houses settled by private negotiation and those disputed and not acquired, are also submitted for further reference. Statement F shows that the total amount of assessment payable to the Cuppora Government per annum comes up to Rs 4,728-5-10 which if capitalized at 30 years purchase amounts to Rs 142,185-9-0. This is short from the sum of 2 lacs referred to in para 3.

Adverting to para 3 of the Assistant Resident's letter

letter quoted above, I beg to state that no bazar lands have been given out to cultivation since the commencement of this correspondence.

I have the honor to be

Sir

your most obedient Servant.

Sub Division officer

on Special duty

P.S.

The actual amount now sanctioned by Government is Rs 136721-8-9. Out of this Rs 360-8- being the amount of Compensation awarded for houses in Garudachar's puja were sanctioned twice by mistake once in the land statement and again in that of houses. There was an excess of Rs 2 sanctioned for the lands of Kettanerumbady owing to certain incorrect entries in the Patak accounts. Thus deducting the excess sum of Rs 362-8- the correct amount sanctioned is Rs 136358-11-9.

Office of the Sub-Division officers
on Special Duty.
Bangalore dated 9th May 1845.

From

B. G. Krishnamayya Esquire
Sub division officers
on Special Duty

To

The Chief Secretary to the
Government of Mysore.

Sir,

With reference to para 2 of my
13460 - 9565 C - 11/4
6.11/4 letter No: 11/4 dated 9th ultimo, I have the
honor to submit for the orders of Government
a petition received from Patel Timmegowda
and 10 others of Sreegundakaval village Bangalore
Taluq. The petitioners cases are pending
decision in the District Court and I beg
to suggest that unless the Land are
immediately required by the Military

Irrigation Works Department, the ryots may be allowed to cultivate the same.

I have the honor to be

Sir

Your most obedient Servant

[signature]

Sub Division officer

on Special Duty

354

(85) No 2867

Ex 4411/Rev

To

The Assistant Resident
in Mysore

Dated 14th January 1895

No. 7

Endorsed

Sir,

With reference to your letter as per margin I am directed to forward in copy for information the report* No: 130 dated 20th ultimo and inward statements of Compensation in rupees received from Mr. B. G. Krishnaiyer Sub-Divisional Officer on Special duty, in connection with the acquisition of lands and houses for the Malepet Water Supply Scheme. Of these statements

No 344/18-94 dt: 31 Jany. 1895
No 1076/18-94 dt: 23 March 1895
No 1256/18-94 dt: 10 April 1895

* (with a Plan)

which have been prepared in the form prescribed in para 3 of the Rules published in page 2 of the Civil Account Code Vol I, 5th edition – those numbering from I to XV relate to land and those bearing Nos. 1 to 8 refer to houses.

2. Individual Statements of Compensation awarded by the Special Officer were received in this office from time to time showing the extent, assessment &c of the lands taken up, together with the rates and amounts of compensation awarded in each case. These were scrutinized and sanctioned under the orders of the Govt ~~Bengal~~, and upon ~~receipt~~ such sanction, the Special Officer proceeded

to make payments as
prescribed in Rule 11 of
the Rules above quoted,
from the sum of 2 Lakhs of
rupees placed at the disposal
of the Durbar by the Resident.
It will be seen from these
statements which are
herewith sent for reference
that the rates of Compensation
awarded range from Rs 2½
to Rs 60 an acre. The rates
were carefully fixed in
each individual case
upon an examination
of the statistics of cultivation
and on personal inspection
by the Special Officer of
entries in the Registration
Offices of previous sales
of the properties in question.
The average rate of 50 Rs
an acre suggested by
Mr Krishnaiyer in his letter

No 70 d: 26th December 1893
was only a rough estimate pre-
pared at the time. The
actual rates awarded
work out an average of Rs 37
an acre. Rs 1,394-3-9
have thus been awarded
by the Special Officer
of which Rs 136358-1-9
have been sanctioned by
Government and Rs 5035-8-0
are awaiting sanction.
Of the sum sanctioned,
Rs 108357-7-4 have been
actually disbursed to the
parties concerned and
Rs 27,971-4-5 remain
yet to be paid.

3. As desired in para 1
of your letter of the
25th March last, the
Special Officer has been
requested not to incur

any avoidable expense
at present. All the particulars
called for in Para 2 of
your letter of 25th March
are embodied in Statement

the proposed tanks, and
~~they~~ are not likely to
injuriously affect the
water supply, consuming
less not requiring manure
Mr. Krishnaiyar estimates
these at Rs. 15,900—0—0
and the owner of one
of these lands
has consented to
take Rs. 10,000
for his property,
which the Special
Officer considers
fair. It has
however to be
decided whether
these lands
actually
are required or not.

(4) Statement 'D'

relates to the

extent of Government

tracts and forest plantations

for the Castle of

which Rs 1,22,47-9-4

have been

proposed by the

Special Officer

to be paid to

the Forest Department

on the State lands made over for
the scheme is thus Rs 4728-8-10, which
if capitalised at 30 years purchase
comes upto Rs. 14,186-9-0. ~~The~~
~~subject of compensating the Dun~~
~~for the loss of revenue sustained by~~
~~it was noted by Mr. Whitmee~~
~~Dispenser in his Report No.~~
~~dated , copy of which~~
~~was forwarded to you with this~~
~~Office No dated.~~

~~dout~~ or at 25 years purchase Rs 118213-12-0.

6. In reply to the query in
para 3 of your letter dated 25th
March, I am directed to state
that no waste lands have been
given out for cultivation ~~Since~~
since the commencement of this corres-
ence, the Special Officer having
intimated to the ryots who made
enquiries on that behalf that the
waste lands in the catchment area
~~will~~ are not available for cultivation

7. I am to request instructions
on the following points which have
been touched upon above.
(1) Out of the amount same to
by the Dewan Rs. 13,389-7-4
been disbursed to the part
concerned and Rs. 27-7-7--

yet remain to be paid. As this amount has been advertised for payment in the Mysore Gazette instructions are solicited whether it may be paid to the claimants when they demand payment.

(2) Out of Rs. 7,134-8-9 awarded by the Special Officer by private negotiation Rs. 3,6808-4-9 have been sanctioned by the Darwar Govt and the balance of Rs. 3,135-8-0 would have been sanctioned but for your letter dated 28th March 1895. Instructions are solicited whether the amount may be sanctioned and paid.

(3) 154 ac 8 gs of Casuarina plantations referred to in Statements have not been acquired (vide Para 3(3) above). I am to request the favour of instructions whether it is necessary to acquire these plantations or not.

3

The Special Deputy Commr will wait upon the Resident and submit his remarks on the advisability of the claims urged.

Dy Conservator

Draft Letter

RK
24/4

No 4532 / 18-94 dated 31-12-1894

No 1266 / 18-94 dated 10th April 1895.

To The Assistant Resident, Nilgiris

Sir,

With reference to the communications noted in the margin, on the subject of the felling of trees in the catchment area of the Malegal Water Supply scheme, I am directed to forward a copy of Mr. B. G. Krishnaiyangar's report No 83 dated 12th January 1895 with its enclosure. It will be observed from Mr Krishnaiyangar's statement that full compensation for trees has been paid in some cases while in others half the amount of compensation has been allowed for loss of crop owing to the owners being compelled to remove fruit-bearing and immature trees.

As it was thought that, in view to lessen the cost of acquisition, the owners of trees might

with advantage be allowed to remove them receiving a partial compensation for loss of such trees ~~have been recorded to~~ Government only in cases where the parties refused to have their trees and demanded full compensation for them.

A sketch plan showing the Survey Nos. in which the trees have been reserved for Government is herewith forwarded for ready reference. The case of Govindappa referred to by the Executive Engineer in his No. 981 dated 20th March 1895 is noted in the accompanying Statement as No. 8. As he was paid a partial compensation for loss of crops, he was allowed the right of removing the trees standing on his lands, before they were taken possession of by Government. Notices have been issued to such of the ryots as have been paid their compensation that they should finally quit their lands by the end of April 1895.

Yours &c
Asst. Engr.

Respectfully submitted
Executive Engineer.
1/4/95

In cases where trees have not been acquired & they were kept to be removed by the owners before a specified date, after which all unremoved trees belong to the Govt. The time allowed & the date for removal be fixed in all cases in 30th April 1895.

8975

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

No 18046
9.669 / TO

The Duwan of Mysore.

Dated Bangalore, 25th June 1895.

SIR,

Adverting to your letter No. 2355-62 dated the 19th instant, I am directed to state that in the opinion of the Resident it is inadvisable that cultivation should be allowed to continue on the lands already required for the Kaveripak Water supply Project. Such forbearance tends to create fresh difficulties in execution, and supposing that it is necessary to oust the occupants before their crops are reaped claims for compensation are sure to be raised. In regard however to the continued occupation of houses, whose sites have been acquired by their late owners, the Resident does not wish to raise any objection provided that it is clearly understood by the owners that they must be ready to vacate whenever so directed by Government, and provided that there is no

charge of refuse or manure on the lands to be
covered by the Lake. I am to add that Sir
Secretary does not consider it necessary to levy
any rent for the temporary and conditional use
of the houses.

I have the honour to be,

Sir,

Your most Obedient Servant,

H. V. Cobb.

To

Table Assistant Register

The Dewan of Mysore.

Dated Bangalore, 4th July 1895.

SIR,

Reverting to paragraph 4 (3) of your letter No: 2386 7-8 F. 332-92 dated the 15th May 1895, I am directed to inform you that the lands in question have been inspected by the Executive Engineer, Kolar Range, in company with Mr: Krishnaiengar, with a view to determine whether it is advisable to acquire them or not. Major Bradley is of opinion that considering the large amount of compensation demanded by the owners, and the fact that the land is planted out with Casuarina trees which require no [illegible] their requisition may be considered late on, unless indeed the owners will accept a great deal less than they now ask.

2. The Executive Engineer believes that when an official notification under the Act has been published for the requisition of certain lands, the owners are not at

at liberty to cultivate or plant it up and if this be the case I am to request that the proprietors concerned may be informed accordingly.

2. Of the sum of Rs. 14,394-3-9 awarded by the special officer by private negotiation and referred to in paragraph 2 of your letter cited above it would appear from that officer's report that a sum of Rs. 10,837-7-4 had been disbursed up to 30th April 1895, leaving a balance of Rs. 3,556-12-5 to be paid. Payment of this sum, I am to request, may be sanctioned once by the Darbar, in the absence of any objection.

Please see note

Rs 14,324-3-9

Rupees Fourteen thousand three hundred twenty four and annas three and nine pies only.

Rs. 33006-12-5 out of the amount awarded by them, the charge being debited to the sum of Rupees fixed at the disposal of the Parties by the Resident in Siyane.

It is noted that deducting the sum of Rs 362-5-0 wrongly entered in excess in the originally noted case, the correct amount awarded by the Sub Divisional Officer and sanctioned by Govt after date is Rs 14,324-3-9

2. The Sub Divisional Officer will report whether jurisdiction has been taken of the lands in respect of which cases are pending in the District Court.

13-7-95

Secretary

Rs 14,324-3-9

Rupees Fourteen thousand three hundred twenty four and annas three and nine pies only.

From

The First Assistant to the Resident in Mysore.

To

The Dewan of Mysore.

Dated Bangalore, 2nd October 1895.

Sir,

I am directed to inform you that instructions have been received from the Government of India that the sum of Rs 33,066-12- uncontested awards for lands taken up for the Hiatigal Water Supply Scheme is to be debited the provision made in the current year's budget for this scheme, and not against the 2 lakhs already paid to the Durbar - as directed in Office Letter No. 2192 dated the 17th July last. Rs 95 Therefore the sum in question has not been disbursed, I am to ask that payment may be deferred until the amount is received by the Durbar from the Executive Engineer, Bangalore Division, Military Works. If payment has already

eady been made then the equivalent when
ived may be taken against the sum paid,
ich will leave with the Durbar the balance
the 2 lakhs available for meeting claims on
ount of lands the awards for which are
w being contested in Court, as such claims
settled from time to time.

Memo

Encl to Note

As directed in the above, has the honor to submit a plan of lands comprising the whole tract required for Malegal water works - Survey Nos of the lands and the villages to which they belong are noted therein. The situation of assessed waste lands is shown in the plan in rose pink colour. Kharab and Gomal lands are indicated by light green. The Government Forest Plantation mentioned in Statement D, referred to in Government Proceedings under reply, is shown in red lead. The four Plantations belonging to private persons whose acquisition was postponed, as per Government Proceedings No (93) 545-6 Fl. 45- dated 13th July 1895, are indicated by a note "not yet acquired."

The undersigned begs to

inform that no Banyan land shewn in the map is given out for cultivation. The attention of the Amildar of Bangalore has again been drawn to the instructions contained in the concluding part of the Government Proceedings under reference (the original) which is herewith returned.

In Dy. Commissioner.

No. 1820.

FROM

CAPTAIN K. D. ERSKINE, I. S. C.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE,
BANGALORE.

TO

THE DEWAN OF MYSORE

Bangalore, the 5th December 1895.

SIR,

With reference to the correspondence ending with my letter No. 4473 of the 8th ultimo, I am directed to address you on the subject of a water supply for the Civil and Military Station, Bangalore.

2. His Excellency the Viceroy during his recent stay at Bangalore took the opportunity of conferring with the Honourable Sir Henry Brackenbury, the Resident and yourself on the subject and it has now been finally decided to abandon the Maligal project and to adopt the Hessarghatta scheme, which promises an ample and assured supply of water, provided that the Darbar will agree to the Civil and Military Station being supplied from that source on terms which will enable the Government of India to carry out the project.

3. It is understood that the Darbar has already raised the old dam at Hessarghatta, and thereby formed a lake which on the 14th November actually contained 615 million cubic feet of water. Further, that the Darbar is erecting the necessary machinery for pumping and constructing reservoirs and laying pipes for the supply of the Bangalore City from this source. On the calculation of the present requirements of the Petta, these works will, it is understood, be capable of providing a surplus of 3,75,000 gallons of filtered water a day. The supply required for the whole Civil and Military Station is, however, calculated to be 10 gallons a day per head of population of 1,00,000 souls, or one million gallons a day.

4. The Government of India therefore asks the Darbar for permission to take a supply of water for the Civil and Military Station of Bangalore from or near the end of the duct leading from the Hessarghatta lake, by means of separate pumping machinery pipes and filters, to be constructed at its own expense. It is understood that the supply of water in the lake is estimated to be amply sufficient for the needs both of the Bangalore City and of the Civil and Military Station, but in view of a possible failure in the supply, temporary or otherwise, it is essential to the scheme that the British Government should be admitted to equal rights with the Darbar in regard to the distribution of the water of the lake. The scheme depends also on the willingness of the Darbar to give the water at a rate not exceeding the rate (Rs. 15 a million cubic feet) which they intend to charge cultivators if water is supplied for irrigation. These two matters which form a *sine qua non* to the execution of the project were verbally discussed with you, and it is understood that you are prepared to accept both conditions as part of the arrangement. The formal assent of the Darbar to these conditions is now asked for as essential to the scheme.

5. The Government of India propose to pay to the Darbar half the cost of the Hessarghatta delivery channel and aqueducts, so far as these are utilized for the purposes of the water supply to the Civil and Military Station. The estimate for this including the half cost of raising the duct (to be mentioned hereafter) has been roughly estimated at Rs. 75,000. To this the Government of India propose to add Rs. 5,310 on account of half cost of the Darbar's work-shops and plant for shops.

6. The cost of water at the rate above mentioned for the 60 million cubic feet estimated to be required for a year's consumption, would amount to Rs. 900 per annum or, capitalising at 4 per cent, Rs. 22,500. This amount the Government of India is prepared to pay to the Darbar. But in regard to this matter I am to make the following more comprehensive proposal. The British Government has paid to the State Rs 2,33,000 on account of compensation for prohibition of cultivation, &c., in the Maligal valley. If the Maligal scheme is abandoned, it appears probable that the greater part of this compensation can be recovered by restoring the right of cultivating the lands; and the British Government would have felt justified in asking the Darbar to take measures for such recovery as might be possible and crediting the amount to the British Government. But on the one hand this process would involve a rather troublesome adjustment, and on the other hand the Government of India is prepared to contribute towards the Darbar's expenditure in forming the Hessarghatta reservoir, as the Darbar is being asked to grant to the former equal rights in the water. What is proposed therefore is to assign to the Darbar all claim which the Government of India may have to the recovery of this sum of Rs. 2,33,000, in consideration of the above stipulation, and in payment of a contribution towards the cost of forming the Hessarghatta reservoir and of the capitalised value of water to be supplied, estimated on the present requirements of the Civil and Military Station at Rs. 22,500.

7. If effect is given to the above arrangements, the Government of India will be prepared, from the date on which the Hessarghatta water is brought in to the Civil and Military Station, to forego its claim upon the water of Sankey's Tank.

8. The following is a summary of the terms to which I am now to ask for the formal acceptance of the Darbar.

(1). Equal rights for the Darbar and the Civil and Military Station in the water of the Hessarghatta reservoir.

(2). Permission for the British Government to erect its own pumping machinery, to take-off water from the Darbar's channel, and to lay its own pipes through the country intervening between that point and the Civil and Military Station.

(3). Payment to the Darbar by the British Government of Rs. 75,000 being half the cost of the Hessarghatta delivery channel and aqueducts, and Rs. 5,310, half the cost of the Darbar's work shops and plant for shops.

(4). Abandonment of all claim on behalf of the British Government for refund of the Rs. 2,33,000 paid to the Darbar for compensation in the Maligal valley, leaving the Darbar to retain any sums that may be undisbursed, and to recover what it can from the people to whom compensation has been paid.

(5). Abandonment of all claim by the British Government upon the water of Sankey's Tank from the time when the Hessarghatta water is brought into the Civil and Military Station of Bangalore.

9. With reference to the matter of raising the duct from the Hessarghatta reservoir mentioned in paragraph 5 of this letter, it is understood that the existing duct will not be equal to passing a combined supply of water for the Petta and the Civil and Military Station, and that it will be necessary to raise the sides of

Dated Bangalore 6th December 1895.

The Revenue Secretary to the
Government of Mysore.

Sir,

In continuation of this office No. 461 dated 21st ultimo submitting a tracing showing the particulars of lands required &c for the Legal Water Project, I have the honor to state that out of Rs 1,41,394-8-9 sanctioned by Government for payment Rs 24,463-8-0 remain undisbursed in anticipation of receipt of instructions applied for in my D.O. letter of the 23rd ultimo. A list of cases in which the payments are not yet made is enclosed.

2. As regards cases referred to the Civil Court, I beg to state that they have all been disposed of. A statement showing the amount awarded

awarded by the Civil Court as compared with that offered by Mr. B. G. Krishnaiengar is enclosed from which it will be seen that in most of the cases the rates allowed by the Court are the same as those fixed by the Collector. In a few cases they have been raised by Rs 5 and the total increase amounts to Rs. 1883-6-3.

I have the honor to be
Sir
your most obedient Servant.

A. Narasimhaiengar
For Deputy Commissioner
Bangalore District

1st General Assistant Commissioner's office
Bangalore District.
Dated Bangalore 28th November 1895.

The Deputy Commissioner
Bangalore District.

Sir,

With reference to your memo No: 1616 dated 26th Instant, I have the honor to state that the remark called for in the Revenue Secretary's letter No: 4222/1645 dated 31st ultimo, was submitted with this office letter No: 28 dated 16th Instant. As for the list showing the area and assessment of the whole of the lands required for the Hesaraghatta Valley, I beg to point out that all the particulars are embodied in Statements A to F forming enclosures to Mr. B. G. Krishnaswamy's letter No: 130 dated 20th April 1895.

HR 1133

(1) Statement A shows the total extent acquired by private negotiation together with its assessment and the amount of compensation settled.

(2) Statement B shows the extent of land for which compensation has been awarded under the provisions of the Land Acquisition Regulation but as the persons interested

Enclosure taken

interested refused to accept the amounts awarded to them, their cases have been referred to the District Court.

(3) Statement C relates to four lands with Casuarina plantations on them which in accordance with the Government Proceedings No: 5745-6/H45 dated 18th July 1945, it has been considered unnecessary to acquire at a large cost as they require no manuring and are not likely to injuriously affect the Water Supply.

(4) Statement D relates to the extent of Government Waste and Forest Plantations.

(5) Statement E is an abstract of A, B, C and D showing the total extent of land under agricultivation and that which is unoccupied together with the amount of compensation actually settled and that proposed for the former.

(6) Statement F shows the total catchment area of the Ratgal Water Supply Project of which 1145 acres and 38 guntas are assessed land bearing an assessment of Rs 3536-1-4. Of the remaining 2337 acres and 2 guntas, 992 acres and 1 gunta are Inam land for which a proportionate yearly amount of Rs 54-15-10 is being annually recovered by the State. The remaining extent is Kharab (unassessed waste) land.

2. A revised estimate (also an enclosure to No: 120 above quoted) of the total cost of acquisition of lands

gives all the details referred to in the statements A to E.

3. The Revenue Secretary's letter forwarded in ~ original with your memo under reply is herewith returned.

I have the honor to be

My dear Sir,

In continuation of my D.O. from Camp in re the Malagal Lands, I am directed to inform you that the Govt. of India have resolved upon the abandonment of the Malagal project and that therefore no further acquisition of lands on that account should be made. The cases pending in Court need not be proceeded with. After coming to terms with the owners concerned the reference made to Court will have to be withdrawn. No person in possession need be disturbed,

Yrs

How should any payment be made of
Undisbursed Compensation. On these points
I am to request the favour of your doing
the needful and submitting a report
to Govt. at your earliest Convenience

No. 545-6 / FL45 dated 13th July 1895.

3. In the catchment area there were in all 262 buildings including houses, temples and wells in village site. Of these 253 were acquired and a compensation of Rs. 17537-12-0 was settled for them by private negotiation. Of this amount Rs. 12156-4-0 have been actually disbursed to the owners of the buildings leaving an unpaid balance of Rs. 5381-8-0. Compensation was settled in Court in the case of 8 buildings and the amount awarded for them was Rs. 3242-0-0, being Rs. 49-0-0 in excess of the award made by the Collector. In the case of the remaining one building, a house belonging to one Siddaiya, a formal award of Rs. 70-0-0 was made by the Collector and as the claimant has waived his right to file an objection statement, the Collector's award stands final.

4. Out of the total amount (Rs. 14,394-3-9) awarded by the Collector as compensation for lands and houses Rs. 11,693-11-1 have actually been disbursed to the owners and there is a balance of Rs. 2,700-8-8 = ✗ = remaining to be paid.

5. In the accompanying map the portions marked thus ✓ have been already compensated for.

6. It is admitted that though no actual possession has been taken of any of the lands, houses &c. compensated for, yet as notice has been issued to the land and house owners that they should be ready to quit them at any time asked for, their present occupancy of the lands and houses is only under lease and license of the Government, the Government having actually taken possession of the lands at the time they paid their compensation. The money therefore which has been

various times ranging from 10 to 20
years for the repayment of the com-
=pensation money. Thirteen persons
came forward to repay it whenever
demanded and eighteen persons
required 5 years time. As some of the
houses acquired and compensated for,
were long ago abandoned, they are
now in a state of utter disrepair
so that their owners are not willing
to take them back, repaying com-
=pensation money. In some other
cases even the materials of the house
have been removed to distant places
and it would be too much to expect
that the house owners would under
these circumstances come back
to their abandoned places and, settle
paying back to Government the
compensation amount. It is very
probable that a good portion of the
money spent for compensating house
owners cannot be recovered from them.
The best plan to adopt in the case of

houses and house sites appears to be to sell them by public auction.

8. As regards lands acquired and compensated for, it would only be fair to give them back to such of the former owners as are willing to retake them repaying the compensation awarded, allowing in cases of necessity some concession either in the shape of discount or time for repayment. But lands which will not be taken back may be sold to the best advantage of the Government at a public auction. As the lands are situated very near Bangalore very probably there will not be any serious loss to Government as in the case of houses. The probable loss to Government in the case of houses would be very nearly three fourths of the money spent viz: Rs. 9117, in acquiring them, but in the case of lands it might be estimated at about 20

From the Commissioner of Police
Bangalore 14th December 8
14th

To,

The Secretary to the
Govt. of Mysore,
Rev: Gen! Depts.,
Bangalore.

No 2048
A 1429

Sir,

The Chamber of Bangalore has sought for instructions in the return of the 3rd Villages as to whether lands reserved for the Magistrate, Project manager included in the Cantonment, Civil Surgeon & Assistant have been employed by the Civil and Military Station authorities since some time ago.

2. In reference to the said Petition, it appears that about 6 and 1/2 acres reserved in the Villages of Chamiah and Kaparahalli respectively had resulted lands Nos 3-7-3 and No 2-2-0 and that the lands taken up for the water Project were respectively 9 and 18 acres nearly.

3. In this case it has been decided to dispose of applications for land for cultivation in the area covered by the Project, same for town to state that Government direct that these lands may be temporarily included in the Municipal limits.

I have the honour to be,
Sir,
Your most obedient Servant,

for Commissioner

Deputy Commissioner's Office
Bangalore District
Dated 2nd July 1915.

To

The Secretary to the
Government of Mysore,
General and Revenue Department
Bangalore

Sir,

I have the honor to state that Mr. T. P. Madhavarao has applied for two unassessed survey numbers 40 and 49 measuring 7 A. 20 G. in the Hagare Village, Bangalore Taluk. These are among the lands required for the Hesaraghatta Water Project, some less than 3 miles from Yeshwantpur Railway station. The Hesaraghatta project has been abandoned and the land will not be required now. I am therefore of opinion that these two numbers may be assessed and given over to Mr. Madhavarao and collection sanctioned thereon.

2. The accompanying file is herewith submitted.

I have the honor to be,
Sir
Your most obedient servant,
B. Ramachandra Rao
Deputy Commissioner.

Bangalore District
Dy. Commissioner's Office
Bangalore, 17th October 1900.

To,

The Secretary
to the Government of Mysore
General and Revenue Departments.

Sir,

With reference to the enquiry contained in your docket No. 1625 R.C. 77-95 of the 20th August 1900, regarding the disposal of the lands acquired by Government in connection with the Madigal water project, I have the honor to state that the condition of the people has not as yet sufficiently improved, after the late disastrous effects of plague which, it is regretted, is still continuing, to enable them to return the mortgaged and take back the lands.

2. Under these circumstances, it is feared that we shall have to wait for some time longer for the disposal of these lands. However strict enquiry may be made in the matter.

I have the honor to be
Sir
Your most obedient servant

Dy. Commissioner,
Bangalore District.

Brief copies of
Despatches:—
(4139) Govt. Spec. No. 4409
A.3779
of 17.11.97 forwarding
orders regarding the
disposal of the lands
required by Govt. in
connection with the
Kaituna Valley project.
Read:—
Letter No. 5/96 of 4th
October 1900 from the
Under Secretary Lands dept.
stating that more
time is required for
the disposal of the lands
referred to above as
the Condition of the people
has not as yet sufficiently improved after
the late disastrous
effects of the plague
which is still continuing to enable the
Govt. to secure the money
& take back the
lands.

Memorandum

Encl to G.O. 140

2846 acres and 16 quntas of land in 14 different villages, as detailed in the accompanying statement, were acquired by private negotiation, for the Kalligal water Supply scheme, paying a compensation of Rs 1,04,774-7-1 out of this extent, 156 acres and 27½ quntas bearing an assessment of Rs 194-12-0, were restored to their former owners as they paid back the amount of compensation received by them. Though the remaining extent is all Government land, the ryots are still

cultivating 10.8 acres
and 37 puntas paying
an assessment of Rs 922/5/-
on yékaala tenure. Indi-
vidual notices will be
issued to these persons
that they should either
keep their lands
permanently, paying
back the amount of
compensation received
by them, or that the
lands should be
absolutely relinquished
to Government. The
remaining extent of
16.1 acres and 31½ puntas
is shown as Government
waste in the accounts,
the owners having
absolutely relinquished
their lands after
receiving compensation
therefor.

2. Darakhasto

are now being received
for the lands lying
banjar and they are
invariably being sold
keeping the amount
of compensation
as the upset price.
11 acres and 10 perches
of land were thus
sold realizing a sum
of Rs 693/- and 5-24 acres
are now advertized for sale
We have also realized
Rs 1886.- 11-9 by the sale
of Casuarina trees
standing on Govern-
ment waste lands.
In the case of a few
valuable lands situ
ated close to villages
we are realizing more
than the compensation
amount paid by
Government, while
in others we are

getting much less. It is only where we get more, that we are confirming the sales. Instead of keeping the lands banjar, I would recommend the confirmation of sales if we realize at least 50 per centum of the compensation paid by Government. The lands will not be sold at all, if, even now, the former owners choose to retain them by paying back the amount of compensation received by them.

3. I would propose to sell up the lands, only when darkhasts are received for them - there would otherwise be a serious loss to Government if we sell

them away wholesale
without proper demar

4. As for the
houses, a compensat
of Rs 12156-4-0 was
actually disbursed to
the parties in addition
to allowing them to take
away the materials.
There is thus no chan
of recovering the —
price paid by Govern
ment- as most of the
owners have pulled
down their houses
and removed the
materials. There are
however a few house
still in the occupan
of the ryots. In such
cases I would re-
commend to grant
the ownership of

such houses to the parties concerned by recovering one half the amount of compensation actually paid to them, as the quality of such houses is now very much deteriorated.

5. A detailed statement of lands showing the amount of compensation under different heads, is herewith submitted.

statement in the prescribed form accompan
by plans and drawings, showing details of
sum of Rupees 1,36,721-3-9 paid on account of compensation for
land etc., taken up in connection with the Maligal Water Supply
Scheme.

Nos. 4568 and 9935 dated the 8th September and
G.F.332-92
13th December 1894.

2. The sum of Rupees 2,00,000 advanced to the Durbar in
March 1894 on the above account has been held by the Public Wor
Department of the Government of India as objectionable, owing to
the non-receipt of the award statement, which, in accordance with
the rules of the Public Works Department should have been receiv
before any payment was at all made.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Resident. Major.,

Bangalore District necessitates my frequent absence from Bangalore, and during such time, it is very desirable that there should be a responsible officer at Bangalore to give necessary instructions to the Advocate who may be entrusted with these cases on behalf of Government.

I therefore request that the services of the Special Guidar may be allowed to be utilized for the purpose.

I have the honor to be

Sir

Your most obedient Servant

Sub Division officer

on Special duty

in 33 cases in connection with the new Sillodar Lines and the extension of the City Railway Station. The 33 cases which have required to be referred to the Court, entail much clerical work in the way of preparing the necessary statements and reports as also copying the records for the use of the Government Advocate. I would therefore recommend that the temporary establishment sanctioned in Government Proceedings No. 5792-3 G. 1575 dated 27th September 1894, may be continued till the end of March 1895.

8. The work in connection with Irrigation Wells in the Salar District are much in a backward condition and as I have been engaged during the last year in acquiring lands for the Water Projects of Bangalore, I have not had time to make a tour in that District. There is much to be done in respect of the establishment of new villages &c in connection with the Hesaraghatta Project. These together with the general work in the Bangalore

in stating that the acquisition of these lands may be sanctioned till the trees are removed at maturity, as it would in no way injuriously affect the water supply since Cavadina river applies require no manure.

6. 237-26 acres of Government land are included in the settlement area of which 224-21 acres belong to the Plantation branch of the forest department. They claim Rs 30 per acre for the land, in addition to the value of trees viz Rs 8,8-9-6-4 as per their detailed statement copy of which is herewith submitted for perusal. If confiscation is deemed necessary for this land, Rs 15 an acre may be paid for the same in addition to the value of the trees as I have assessed a similar sum for such lands in private holdings.

7. As mentioned in para 3, 25 cases have to be referred to court in respect of the Kaniyal Water Project and awards have been announced (as separately reported) in

compares favourably with that settled by private negotiation. The rate offered by me are very liberal compared with the market prices prevailing in the neighbourhood. Most of these people have filed these protests under section 18 of the Regulation and their cases will be duly referred to the District Court for adjudication.

4. A similar statement of Rs.[x] 2672. Rs. 3881-12-0 acres acquired by private negotiation is also submitted. The few Rs. 3263-0-0 acres remaining to be settled belong to the persons whose cases have been referred to Court under para 3.

5. Statement A shows that four cases comprising 5 acres 2 gunthas have not been settled either way. They are all fragmentary plantations with a few mango trees thereon and the owners of which claim exorbitant rates for the trees which they think would fetch on felling some when they reach maturity. When I had last met Gurjar Ganpat in the locality he agreed with me

on special duty.
Bangalore Dated 16th June 1924.

From

B. G. Krishnaiengar Esquire
Land Division officer
on special duty.

To

The Chief Secretary
to the Government of Mysore
Bangalore.

Sir,

I have the honor to submit a revised statement of compensation awarded for lands, houses, trees &c taken up for the Kadigal Water Project as called for in Government Proceedings No: 21188/G.F.332, dated 4th Instant.

2. There is but one Survey No: in which land included in the

of Inam lands (vide para 2
of his letter) dont no lands
entered in the statement
are denoted as Inam.
The revised statement alone
called for should distin-
-guish Inam from Sirkar
and in each case of Inam
it should be stated whether
any land in exchange
has been promised. Such
a statement would be unnecessary,
except in the case of Inams.

Chief Secy

Rec'd 2/6/04.

of "other items" of compensation are, in several cases, very meagre and even indefinite. For example, the item for which a compensation of Rs. 961 is recommended to Thimmappa in Saneyjaravanahalli, required a more detailed and definite explanation than "value of trees felled." A revised statement should be submitted with full particulars of all items of compensation and without the use of the words "&c.".

2. In explaining his views, the Deputy Commissioner makes mention of

Read -

Letter No 135 dated the 20th May 1894, from the S. G. Christiansen, Sub Divisional Officer, on Special Duty, submitting for approval an Supplementary statement showing the particulars of compensation amounting to Rs: 11,365 - 11 - awarded by him for lands, trees, houses, &c, acquired by private negotiation for the Municipal water supply project.

Order:

The Sub Divisional Officer on Special duty is informed that in the statements received with the above, the details given

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore,

Bangalore.

Dated Bangalore, 16th March 1894.

SIR,

I am directed to enclose a cheque in your favor for the sum of Rs. Two lakhs in part payment of compensation to ryots for lan to be taken up in connection with the Maligal Water Supply scheme.

2. It is most essential that this sum should be charged off in the accounts before the close of the current [1893-94] official year. I am to suggest therefore, as the most convenient course fo all concerned, that the cheque be debited in your accounts with Resident's Treasury for the current month, by transfer against th 2nd. instalment of the Mysore Subsidy which is due this month.

3. I am to ask for a formal receipt for the amount, and to request that duly completed land award statements as prescribed i article 102, Chapter 7 of the C.A.Code, may be furnished in due course.

I have the honor to be,

Sir,

Your most obedient servant,

1st. Assistant to the Resident.

vide pages 14 and 15 of the Standing orders of the Board of Revenue Section 12 para 3.

as regards the marginally noted
5 villages, notwithstanding the offer
by me of very liberal terms to
these ryots. I have strong reasons
to believe that the ryots of these
five villages, who are mostly of
the same caste, and some of them
closely related to each other, are
set up by some interested people
who are evidently playing behind
the screen.

Lingger
Srigandadahalli
Seshapalya
Mallegal
Nagarkhan

2. The rates offered for all
the villages now settled by private
negotiation are from 15 to 40 Rs
per acre of dry land according
to its present condition. The wet
and garden lands have been al-
lowed from 40 to 60 Rs per acre.
These rates were fixed on a care-
ful consideration of the prices of
lands in the several villages

note prepared in clearer and
neater writing than this. Where
lands have been returned to
identical parties, the compensation
paid should be recovered. So
about houses. Where lands &c
have been absolutely relinquished
they are at our disposal. I do not
see why money paid for them
should be kept on as a recoverable
demand in the accounts. A
general order may be passed that
the lands when applied for shall
be sold by auction invariably.
Where there is no demand for
houses the materials may be
sold for what they will fetch
and where there is a demand
the houses may be sold. The note
should be clear and full. A
draft order should also be
prepared and submitted on
the above lines"

Draft submitted

Houses.

As for the houses, a Compensation of Rs 12156-4-0 was actually disbursed to the parties in addition to allowing them to take away the materials. There is thus no chance of recovering the price paid by Govt as most of the owners have pulled down their houses and removed the materials. There are however a few houses still in the occupancy of the raiyats. In such cases the ownership of houses to the parties concerned by recovering one half of the amount of Compensation actually paid to them may be granted as the quality of such houses being very much deteriorated

How many?

The Dy Comr adds that the Amildar is giving the matter his personal attention.

What is the result up to date

Secretary's order

"Please have a continuous

17/10/22

price, 11 acres and 10 guntas of land being thus sold realising a sum of Rs 693/- and 5 acres and 24 guntas now advertised for sale; that a sum of Rs — 1886-11-9 has also been realised by the sale of casarina trees standing on Govt waste lands (Item no III), that in the case of a few valuable lands situated close to the village more than the compensation amount paid by Govt is being realised while in others much less. The Amildar further proposes to sell up the lands only when darkhasts are received for them, otherwise, there would be a serious loss to Govt, if they are sold wholesale without proper demand. But the Dy: Comr remarks that there is no hope of any portion of the 54125 (item no 3) for lands absolutely relinquished being realised in the near future and every endeavour is being made to recover as much as possible.

The land sold since the amount realised there from should be reported on in detail

Item No: II

The raiyats are cultivating 1048-37 paying an assessment of Rs 922-15-0 on "Jeksal" tenure. Individual notices will be issued to these persons that they should either keep their lands permanently paying back the amount of compensation received by them or that the lands should be actually relinquished to Govt.

The result of the action taken should be reported with full particulars

Item No III.

The extent of 1640-31½ A G is shown as Govt. waste in the accounts, the owners having absolutely relinquished their lands after receiving compensation therefor.

The Amildar of the Bangalore Taluk who was entrusted with the work reports that darkhasts are now being received for the lands lying banjar (item No III) and they are invariably being sold keeping the amount of compensation as the upset

on and waiting for some time longer that an assistant Comr must be specially deputed for the work and that a monthly progress report must be submitted for the information of Govt.

The report now received from the Deputy Comr shows as follows: —

Lands.

	Extent.	Assessment	Compensation paid	
	2846-16.	2344-15-0	104774-7-1	Lands actually acquired.
I	156-27½	194-12 0	6547-2-0	Lands given back to raiyats
II	1048-37	922-15-0	44102-0-2	Lands given out for cultivation on êksal tenure.
III	1640-31½	1227-4-0	54125-4-11	Lands relinquished by raiyats

Item No: I. Out of the Compensation of Rs 6547-2-0 paid for lands given back to raiyats, Rs 3451-4- have actually been recovered and time is granted for the recovery of the balance

The period for fixed for repayment of the balance in each case together with the amount of interest involved should be reported in detail

15/6/99

the best advantage of Govt. has not yet been received.

A few of the more important papers bearing on the subject are put up. Some more are I think in the office & will be sent soon.

Letter No 1065-A/1.5.96

Deputy Commr.
of Bangalore Solicit-
-ation to the
payment of a
Compensation of
Rs 722-- for the
undermentioned
lands in the Attavara
Taluk required for
the Head works and
inspection lodge
in Connection with the
Water supply of the
Civil & Cantonment Station
Bangalore and states
that the owners of
the lands have
executed Kabuliats
accepting the amounts
settled in their
favour.

A declaration
for the acquisition
of these lands has
been published in
the Gazette. Sanction
for the payment of

Select Dwgs
and
Kuckanhally 4-18:178--
Nanakunhally 12-9:489--
Hebbali Kuckanhally 1-15:55--
lands
18.2:722--

Nine pairs for trees standing on acquired lands. These to be dealt with the lands & separately. Deputy Comr says that a portion may be recovered.

Paid as nominal £2829—0—
Compensation for loss of prospective advantages for immature trees which the owners were permitted to remove.
Deputy Comrs says this is irrecoverable.

Total loss estimated by Deputy Comrs.

Lands 25,000
Houses & trees 12,000

Total 37,000

The Deputy Comrs requests early instructions for the disposal of these lands.

Horses

(6.) 5381–8– Compensation not paid. Horses in enjoyment of pasture pending to be done except telling them that their horses are not wanted.

(7.) 12156–4– Compensation paid. The Deputy Commr. says some of the horses were abandoned and are in other districts in some of which material losses have occurred and that therefore horses and horse dies should be valued by auction. Deputy Commr thinks that 3/4 the loss should be bet- ween Rs 9117.

(8.) 3242– Horses for which Compensation was awarded in Court. These title given to farmers with Court Costs.

(9.) 70 — Horses for which Compensation has awarded by Collector pending to be done in Thes.

Deputy Comm^r Lay
lands may be returned
but Govt Costs
should be paid.
Costs should be
ascertained

(4) Award by Collector
not taken to Govt
and money not paid.
These lands have to
be simply returned.

1157. 4-0

(5) These lands were
not required but
notices issued that
owner should forbear
from cultivating and
improving. Deputy Comm^r
says they should be
compensated.

Special settlement
should be made with
these parties and
orders of Government
obtained before
paying them.
